Consideration of the December 10, 2019 Minutes

Correspondence- None

New Applications: None

For Receipt-None

For Discussion- 131 Boston Post Road-To install storm water detention onsite and overflow into the existing manhole that drains to the Wetlands. Existing sheet flows to the Wetlands will be captured and released per plans.

New Business- None

Old Business- Deliberation for the proposed Turkey Hill project.
The Public Hearing regarding the proposed Turkey Hill Project was closed as of the December 10, 2019 Wetland Meeting.

Enforcement Officer's Report- 215 Mulberry Drive shares its rear property line adjacent to the Racebrook River. It was brought to my attention that the home owner has cleared and thrown debris on the river bank to the far side of the river, not the bank closest to their property. This land is owned by the Orange Land Trust and I have been in contact with them while sorting out this issue. I have been on site with one of their members. More information to come regarding the damage to the protected area.

The Next Meeting will be held on February 11, 2020
