Michael B. Sullivan
TOWN CLERK

The current project that the Inland Wetland Commission was set to discuss is the 1,391 sq. ft. building addition for two added classrooms to Temple Emanuel's existing structure. The Commission Members looked over the provided material for the Proposed addition. Any questions or concerns that had been raised by the Commissioners, were answered by Jack Demirjian, Wetlands Enforcement Officer, as he had walked the site with the Soil Scientist and the Contractor who would be doing the work. Due to the straightforward nature of this proposal, and following the safeguards for the Covid-19 Virus, the Commission Members agreed to vote, via an e-mail chain.
