Old Business:

Plastic Bags and Wrap: We are experiencing good and bad days when going to the Rack N Pac to collect bags. Residents are unpredictable and some bags have come in with dirty, mulch bags and must end up going in the hopper and some bags have to be opened to remove cans or bottles that are not allowed in the bags. However, the Recycling Committee has been keeping up with collecting them and delivering them to Home Depot. Dates for pickup will be collected at each monthly meeting by Mitch Goldblatt to update the worksheet. All members will be sent an email to fill in the open dates as it's very important we keep the 3 day a week schedule filled in order to ensure the shed won't get over crowded.

HazWaste Days: We have been assigned Saturday July 16 and Saturday October 15, 2022 as dates to volunteer on. The site is The Regional Water Authority located at 90 Sargent Drive in New Haven. The volunteer time is from 9:00am until noon. Lora Wu and Patrick Legault recently did their volunteer time on July 16 and said it went well. They were tasked with directing traffic to the collection area. Patrick said they had a truck near the beginning on the site to collect electronics for the first time. Mark Moyher and Chris Prokop will be available for the October date.

Other Old Business:

Glass Recycling: Mitch Goldblatt informed us that Oak Ridge might be getting acquired. We will keep on top of this situation in case their current personnel turns over which could allow us another opportunity to bring up having a glass recycling container at the Transfer Station.

New Business:

Next Shredding Day: We have confirmed Saturday, October 8, 2022 as the day to host our next event. In addition to Shredding and the Mattress collection, the Orange Community Women will be on hand to collect, toys, small appliances and clothing under the Pavilion. This event will exclude Haz Waste Collection which we hope can be added in the Spring of 2023.

Other New Business:

Orange Country Fair: Mark Moyher will use SignUpGenius asking the Recycling Committee members to sign up for blocks of time on Saturday and Sunday September 17 and 18, 2022 to volunteer at our

booth. Somebody will be needed Friday night September 16 to bring items to the booth as preparation for Saturday. Mark Moyher will do the Sunday close and wrap up once the Fair ends. Nadine O'Brien has agreed to partner with us again in handing out free donuts to the children who stop by our booth and participate in answering some recycling questions. We will pay the donut bill, at a discount, on behalf of our give away after all the tickets Nadine collects are counted up.

TerraCycle: Mith Goldblatt was informed this company collects recyclables, such as plastic bags, where you can purchase boxes for the plastic bags and mail the filled box back to the company postage free. This was brought of as a possible alternative to bringing the bags to Home Depot. However, upon reviewing the website it was determined to be too costly to participate as each box cost \$85 making it very costly when compared to the vent bags we order and use now. Also, it would be more difficult to load and transport them to the drop off center to have them mailed back.

Next Scheduled Meeting: Wednesday, August 17, 2022

The meeting adjourned at 7:38 PM after a motion by Mark Moyher, seconded by Susan Wineland and carried unanimously.

Respectfully submitted,

Mark Moyher
Secretary
