Proper placement of your swimmer is very important. At each level your child should be challenged, but not overwhelmed. There are specific minimum skills that your child should possess on the first day of their class. If they are unable to complete them, they will be moved to a lower level if there is space available, or credited for a future session. If you are unsure at what level to enroll your children, please ask at the time of registration.

WEEKEND LESSONS

Saturday February 29—April 4	Sunday March 1—April 5

Course Descriptions

Special Population

The class is tailored for those with special needs that would benefit from a one-on-one swimming lesson program. Students work with an instructor towards personalized goals, progressing at their own pace. We can help your family member meet their exercise goals.

Teen / Adult Lessons

If you, or your teen, never learned to swim, or you need a refresher course, this is the perfect class.

Springboard Diving

All participants must be able to swim one length of the pool, and do a standing dive from the board.

Divers can have little or no experience. New divers will focus on basic dives, as well as the approach and hurdle.

Experienced divers will be adding new dives and more difficulty to their skills.

Development

This new level is for any swimmer expressing an interest in joining a swim team. Participants will learn proper stroke techniques, training methods, legal starts and turns and more.
